2. ABOUT

A dedicated Lecturer in the Department of Anaesthesia and Operation Theatre Technology at a MRUH, India. Holding a MSc in Anaesthesia and Operation Theatre Technology, he brings over a 1.5 years of hands-on teaching experience, mentoring students in practical skills training and clinical simulations.

His teaching focuses on core areas like clinical anaesthesia techniques, airway management, intubation protocols, operation theatre management, and emergency medicine procedures. Also emphasizes simulation-based learning to enhance student competency in high-stakes scenarios. Explorations into virtual and augmented reality for anaesthesia training, patient safety programs, and novel clinical teaching methods define his scholarly pursuits. This academic strategy underscores a strong dedication to superior education, evidence-driven practices, and lifelong professional growth in anaesthesia and operation theatre disciplines.
