Brief Profile (50–80 words)

I have completed my Master's degree in Physiotherapy with a specialization in Neurophysiotherapy and am currently pursuing a PhD in the same field. My academic and clinical training has developed strong expertise in neurological rehabilitation, including the assessment and management of stroke, spinal cord injury, traumatic brain injury, and other neurological disorders. My research interests focus on neuroplasticity, motor learning, sensory-motor integration, and evidence-based interventions aimed at improving functional recovery and quality of life.
